# HOW TO USE THIS GUIDE

Our brand is more than our name or our logo. It's the sum total of everything we say and do. At ClearDefense, we set and achieve ambitious goals. The quality of our products and services reflects our identity. Our guidelines have been designed to ensure consistency within our brand, helping to create strong, recognizable, and innovative communications. The following pages demonstrate the flexibility within the identity and should be used to inspire and motivate creative expression.

# LOGO

Clear Guidelines

# MASTER LOGO

Our logo is simple, clean, and stylish. The shield represents our commitment and confidence in protecting homes against damaging and dirty pests. The logo is available for use in color, black, and white in all instances where the logo is used on its own. Overall style - modern and professional.

# BRAND STRATEGY

**BRAND POSITIONING STATEMENT**

**ClearDefense provides cutting edge pest control service  
to homeowners who value long-term innovative solutions  
to stay ahead of the problem**

**DIFFERENTIATORS**

**Customer  
Experience**

**Environment, Pet, and  
Child-Safe Products**

**Innovative Pest Control  
Technology**

**Product  
Effectiveness**

**ONE WORDS**

**DEPENDABLE**

**PROFESSIONAL**

**INNOVATIVE**

**PRESERVATIONISTS**

**NEIGHBORLY**

**PROACTIVE**

# BRAND SPECTRUM

# COPY & TONE OF VOICE

The ClearDefense pest control service offers innovative solutions to residential pest control problems as if they were our own family or neighbor, and the brand voice should reflect that. While we are confident and bold in our approach, the way we say it should be warm and caring. The voice must convey confidence and our pro-active approach that speaks to our customers who are already busy with their family and careers. But, it should be able to speak conversationally, as if to a family member or neighbor who was about to watch your house while you were away.

# COLOR PALETTE

A decorative graphic consisting of a dashed white line that starts from the end of the title 'COLOR PALETTE', curves downwards and to the right, forms a small circle, then continues to curve downwards and to the right, forming a second, slightly larger circle, before ending at the bottom right of the slide.

# COASTAL BLUE

Costal blue is bold. It's a color that works best at 100%. If there is an occasion when you need to create contrast without adding extra colors, you can use this color in incremental tints. Avoid using any other tints. Color is a key element of this design, therefore it is important that CMYK is used for printing and RGB is used for screens.

CMYK  
92, 17, 0, 10

RGB  
18, 189, 229

HEX  
#12BDE5

90%

# TARANTULA BLACK

Tarantula Black is heavy. It’s a color that can be used to add contrast without overwhelming the Coastal Blue. Color is a key element of this design, therefore it is important that CMYK is used for printing and RGB is used for screens.

CMYK	RGB	HEX
60, 60, 60, 100	0, 0, 0	#000000

# GRAPHIC ELEMENTS

# ILLUSTRATIONS AND PATTERNS -----

The illustrations/icons below all include the ClearDefense shield. These icons can be used for the Bug Blog and as an added graphical element to print and digital media. The "ant pattern" can be used to add depth to presentations, digital and other print resources.

# TYPOGRAPHY

# PRIMARY FONT

---

**Futura PT Bold is our heading weight.**

Futura PT Medium is used for sub-headings.

*Futura PT Medium Italics is used for quotes and interviews.*

**Aa**

# SECONDARY FONT

---

**Garamond Bold** is used for captions and some bodies of text.

Garamond Regular is used for captions and some bodies of text.

*Garamond Regular Italic* is used for quotes and interviews.

Aa

# PHOTOGRAPHY

# WEBSITE AND SOCIAL MEDIA -----

This photographic style is for web advertisements, social media, and reports. It appears as light and clean which is how we want our customers to feel in their pest-free homes. Each picture should be adjusted to reflect the same brightness and contrast.
